## **DETAILED ACTION**

### ***Priority***

1. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

### ***Allowable Subject Matter***

2. Claims 2-5, 7-13, 15-25 are allowed over the prior art of record.
3. The following is an examiner's statement of reasons for allowance:

Regarding claim 7, the prior art fails to disclose or make obvious a method for determining a surface illuminated by incident light having a step of Fourier transformation of the derivative and multiplication thereof by a Wiener filter in order to suppress noise in the recorded intensities, and in combination with the other recited limitations of claim 7. Claims 2-5,8,13 are allowed by the virtue of dependency on the allowed claim 7.

Regarding claim 9, the prior art fails to disclose or make obvious a method for determining a surface illuminated by incident light having the step of polarizing the incident light and thereto crosswise polarization of the reflected light in order to eliminate reflections in the surface and obtain the diffusely reflected light, and in combination with the other recited limitations of claim 9. Claims 16-20 are allowed by the virtue of dependency on the allowed claim 9.

Regarding claim 10, the prior art fails to disclose or make obvious a method for determining a surface illuminated by incident light having the step of recording the intensity of only diffusely reflected light over the surface in the first and second images, wherein the first image is recorded with light in a first wavelength region and that the second image is recorded

Art Unit: 2877

with light in a second wavelength region, distinct from the first wavelength region, and in combination with the other recited limitations of claim 10. Claims 11,12,21-25 are allowed by the virtue of dependency on the allowed claim 10.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
